

Ecoefficient
it pays to be green

**WHY
CHOOSE
US!**

We have been operating in Hawke's Bay for over 6 years!

- We install only **premium** products.
- We have hybrid solutions to ensure you are future proofed.
- We are only one of four companies in New Zealand to have the TESLA contract.
- We are experienced in solar design and implementation with over **7 year's experience**.
- We offer an 'all inclusive' price with **no hidden costs** or surprises.
- Our contractors are experienced, reliable and **professional installers**.
- We always install comprehensive monitoring to provide insight.
- We monitor your systems performance remotely throughout the year and alert you to any issues – **a free service that we offer**.
- We have **technical support** readily available.
- We **donate \$10,000 to charities** every year.
- We offer a wide range of products including hot water heat pumps, electric car chargers, batteries and more, **always looking for up and coming technologies**.
- We have installed the largest commercial solar systems in Hawke's Bay.
- In 2019 we won both runner up for SEANZ **small business of the year** and **Hawke's Bay small business of the year**.
- SEANZ members.
- Helped local schools go solar.
- We offer a maintenance service if requested.
- We are the biggest Hawke's Bay Regional Council supplier and **take care of all of the council documentation for you**.
- We have administration on hand to make the transition to solar as seamless as possible.
